

29 MARCH 88

1015

913801  
893722

913801  
893723

Conv - V vs H

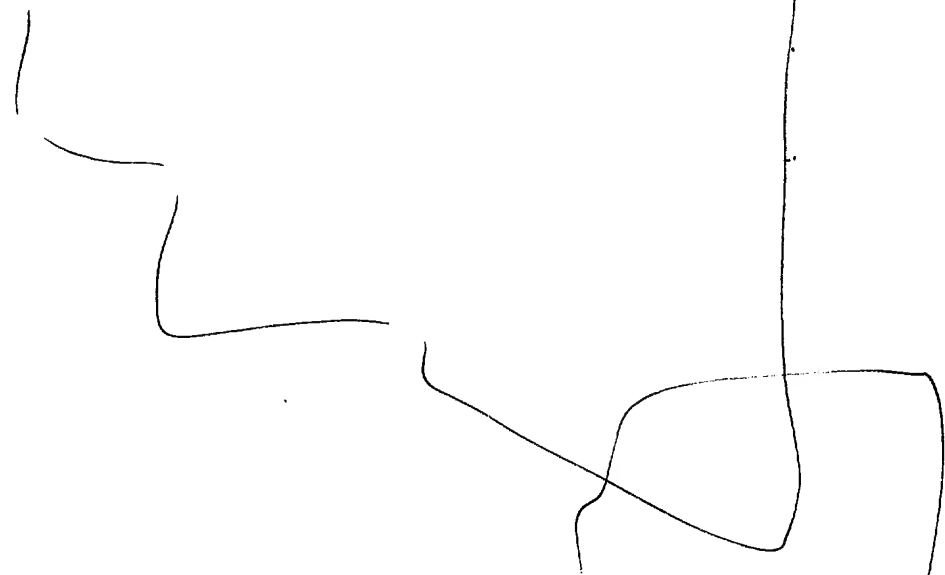

d - Horizontal, down axis  
angle axis angle  
up axis hand

B - max land

S<sub>2</sub>  
 broad  
 open  
 effrontery  
 flat  
 wide

913801  
 893723

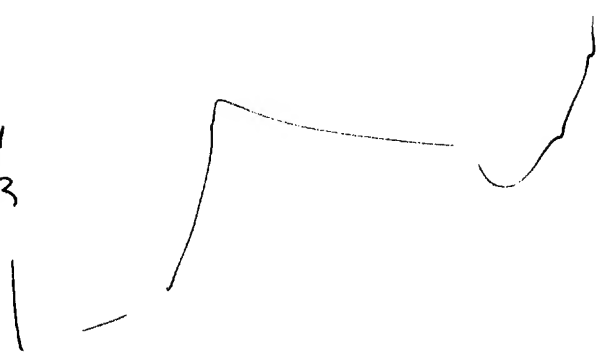

A - angle down, angle arm  
 down arm, hand

B - ———

A - vertical up

COA - • movement  
 VS structure

913801  
 893723

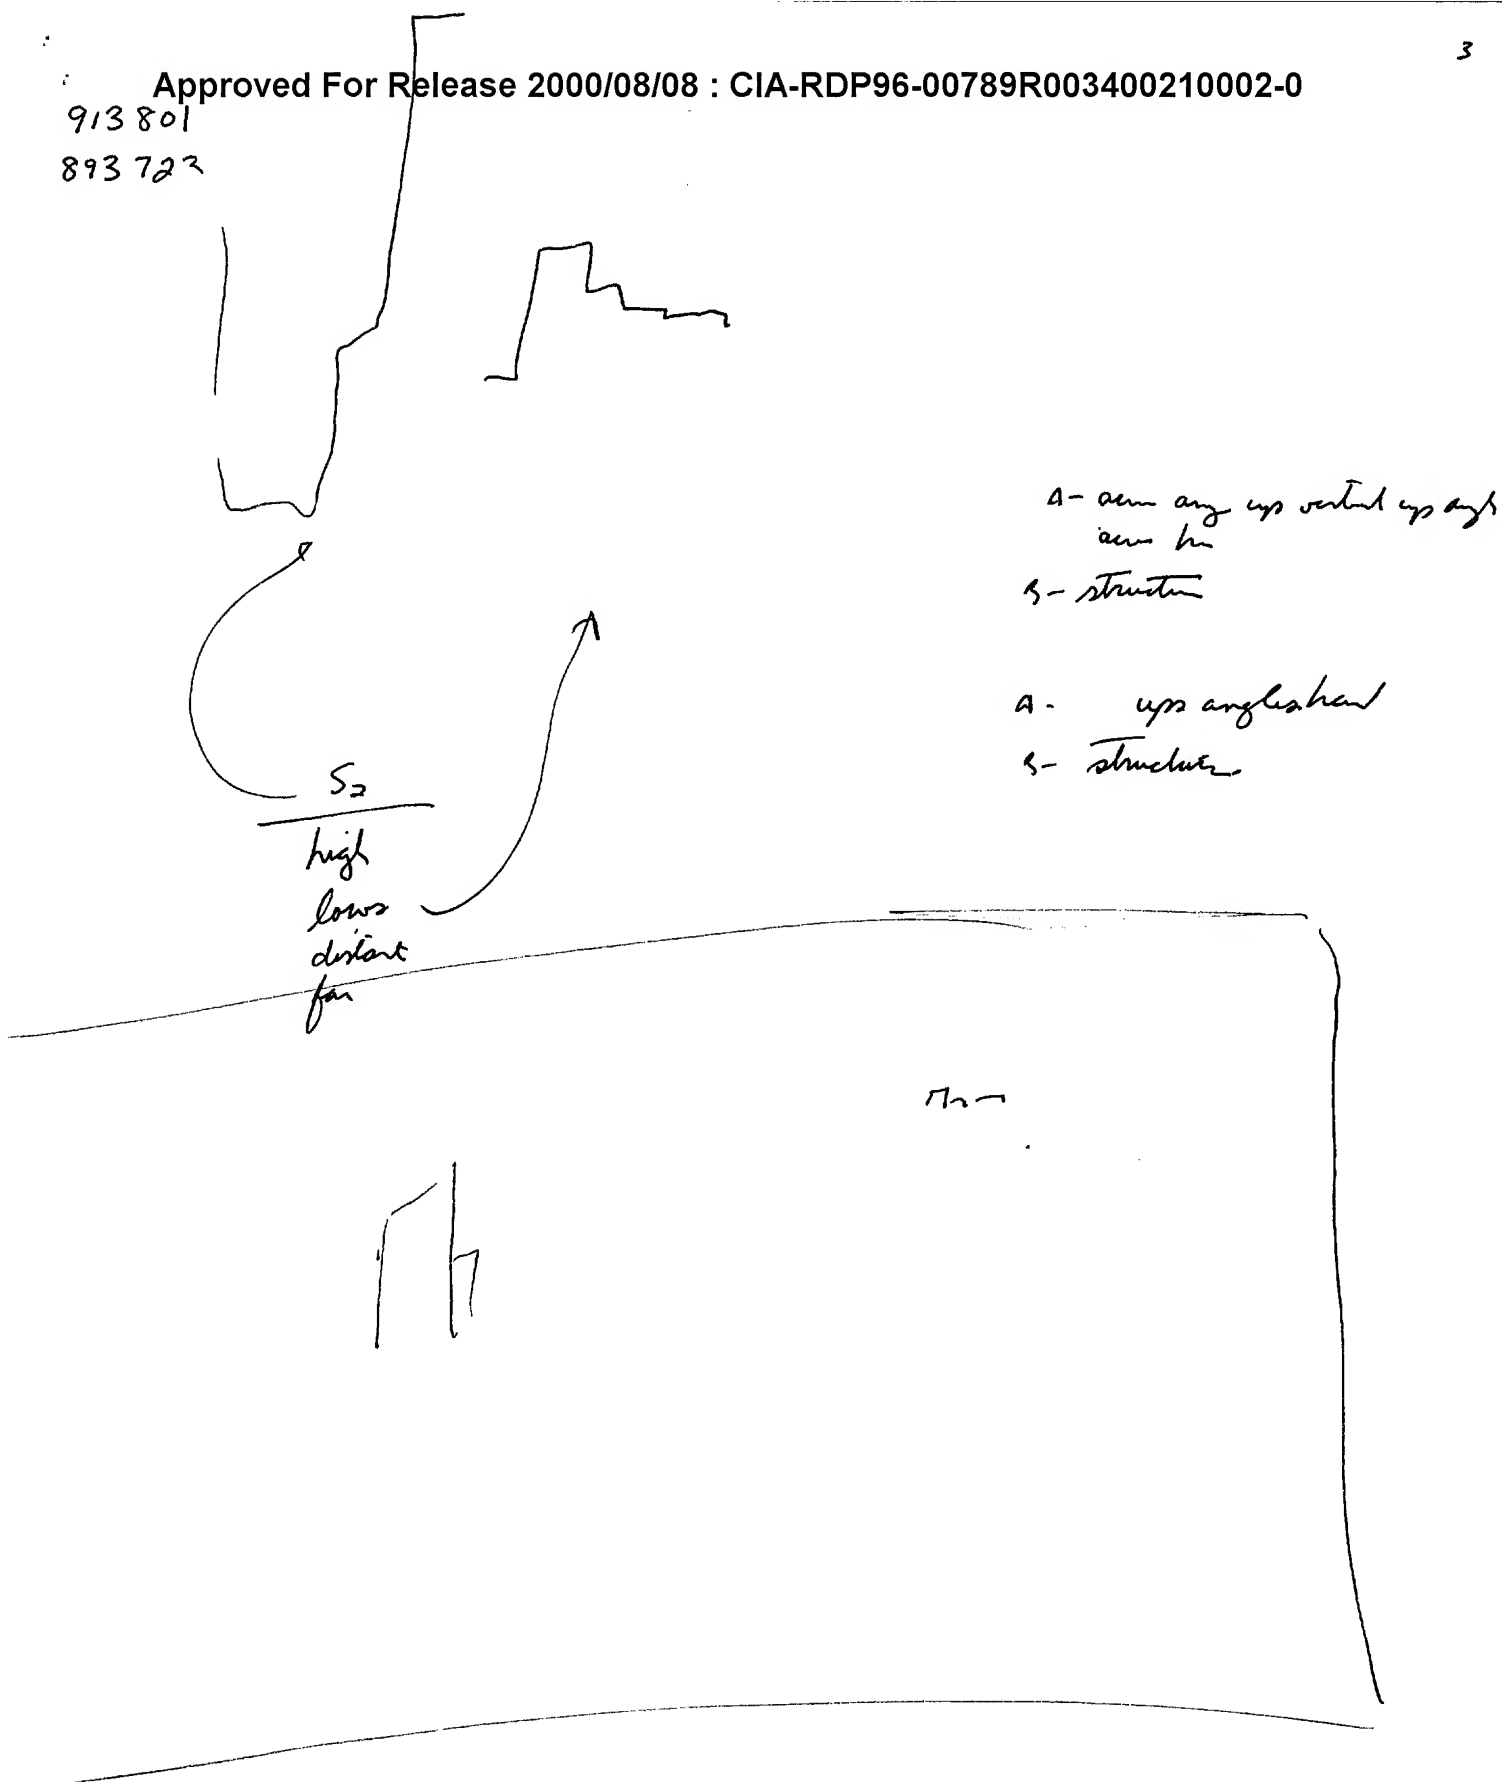

A - up angle arm  
 up angle arm  
 hand

B - structures

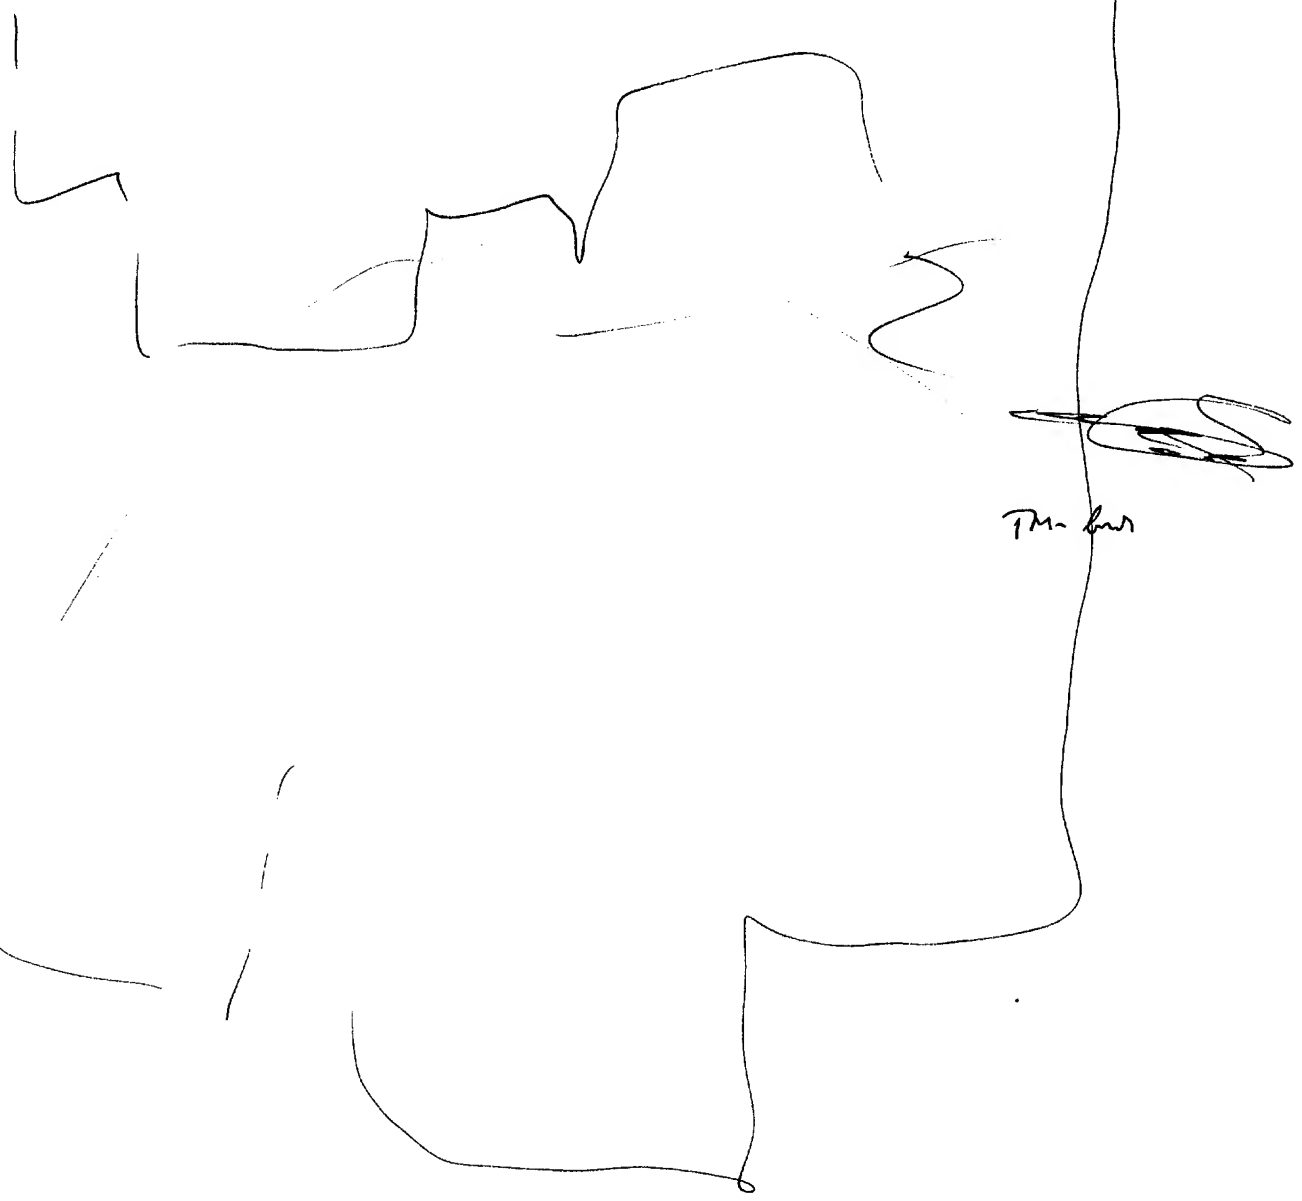

8

913801

893723

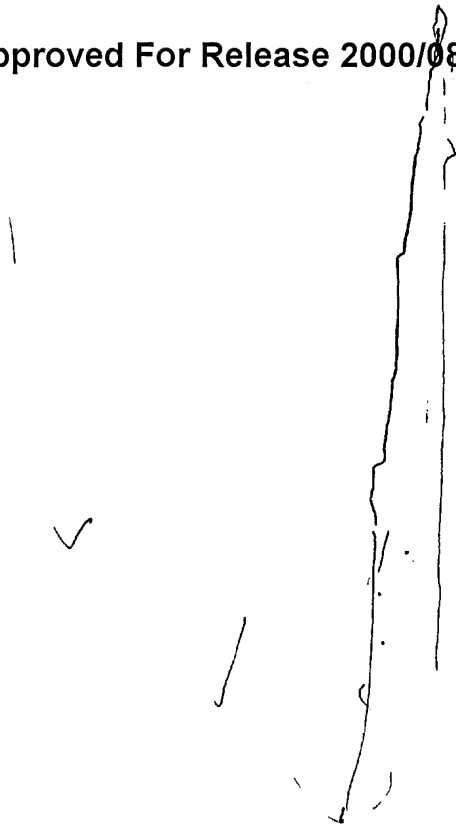

manmade land/structure/structures interface

913801  
893723

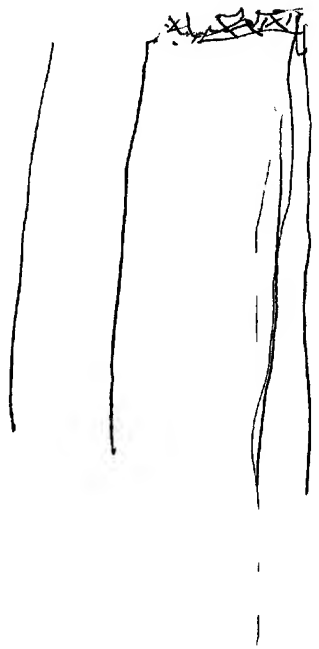

913801  
813722

A - vertical up, high  
hard  
B - strike

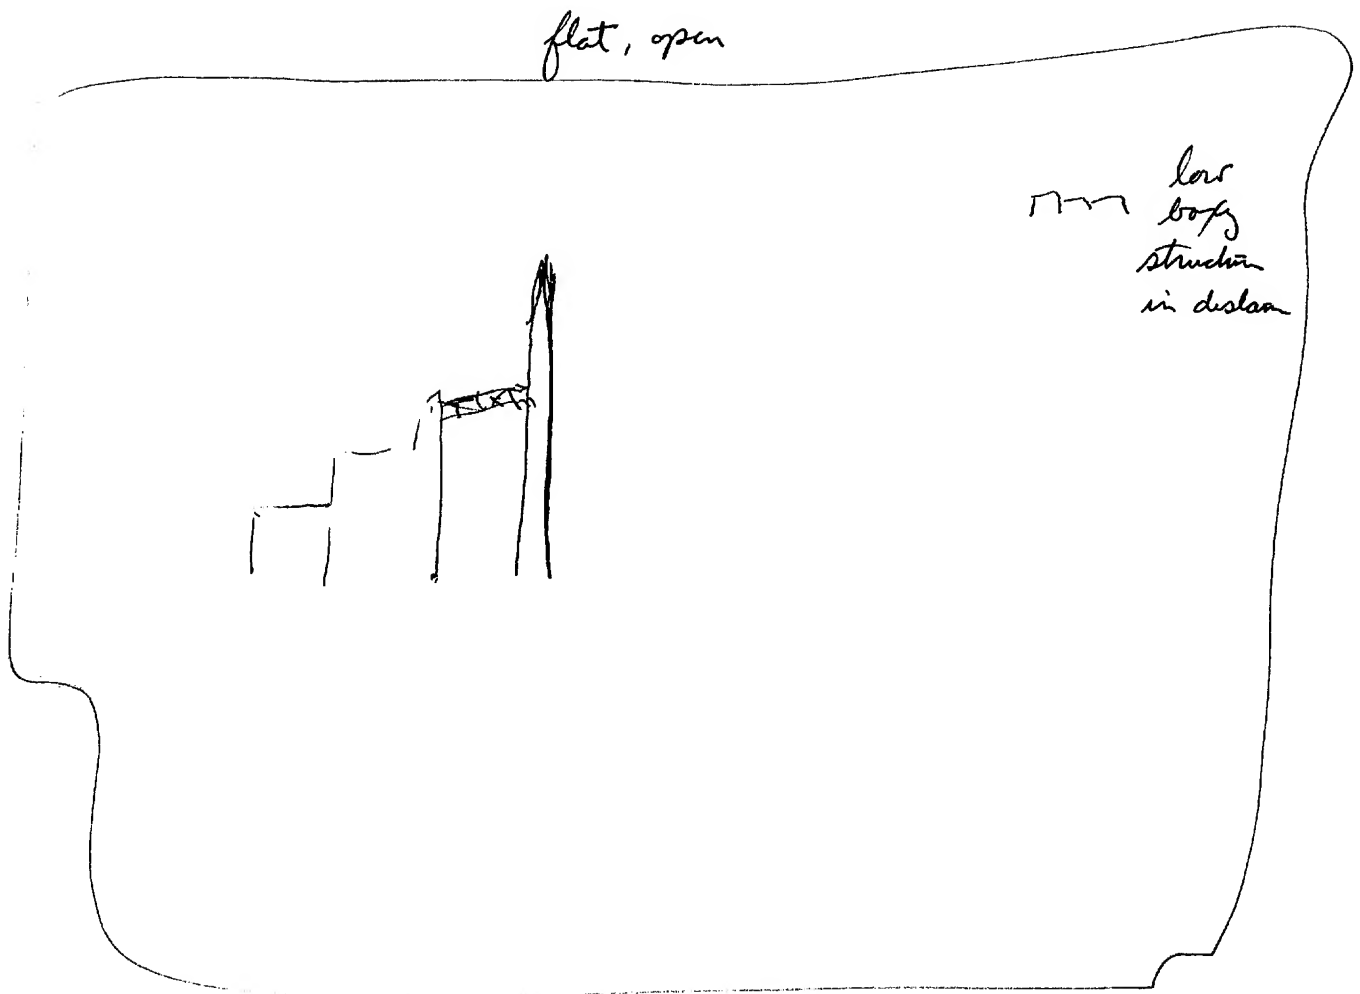

$S_2$   
high  
jointed

AO1 - pipe joints

AO2 - gantry + ~~no~~ rocket

AO1 - test range

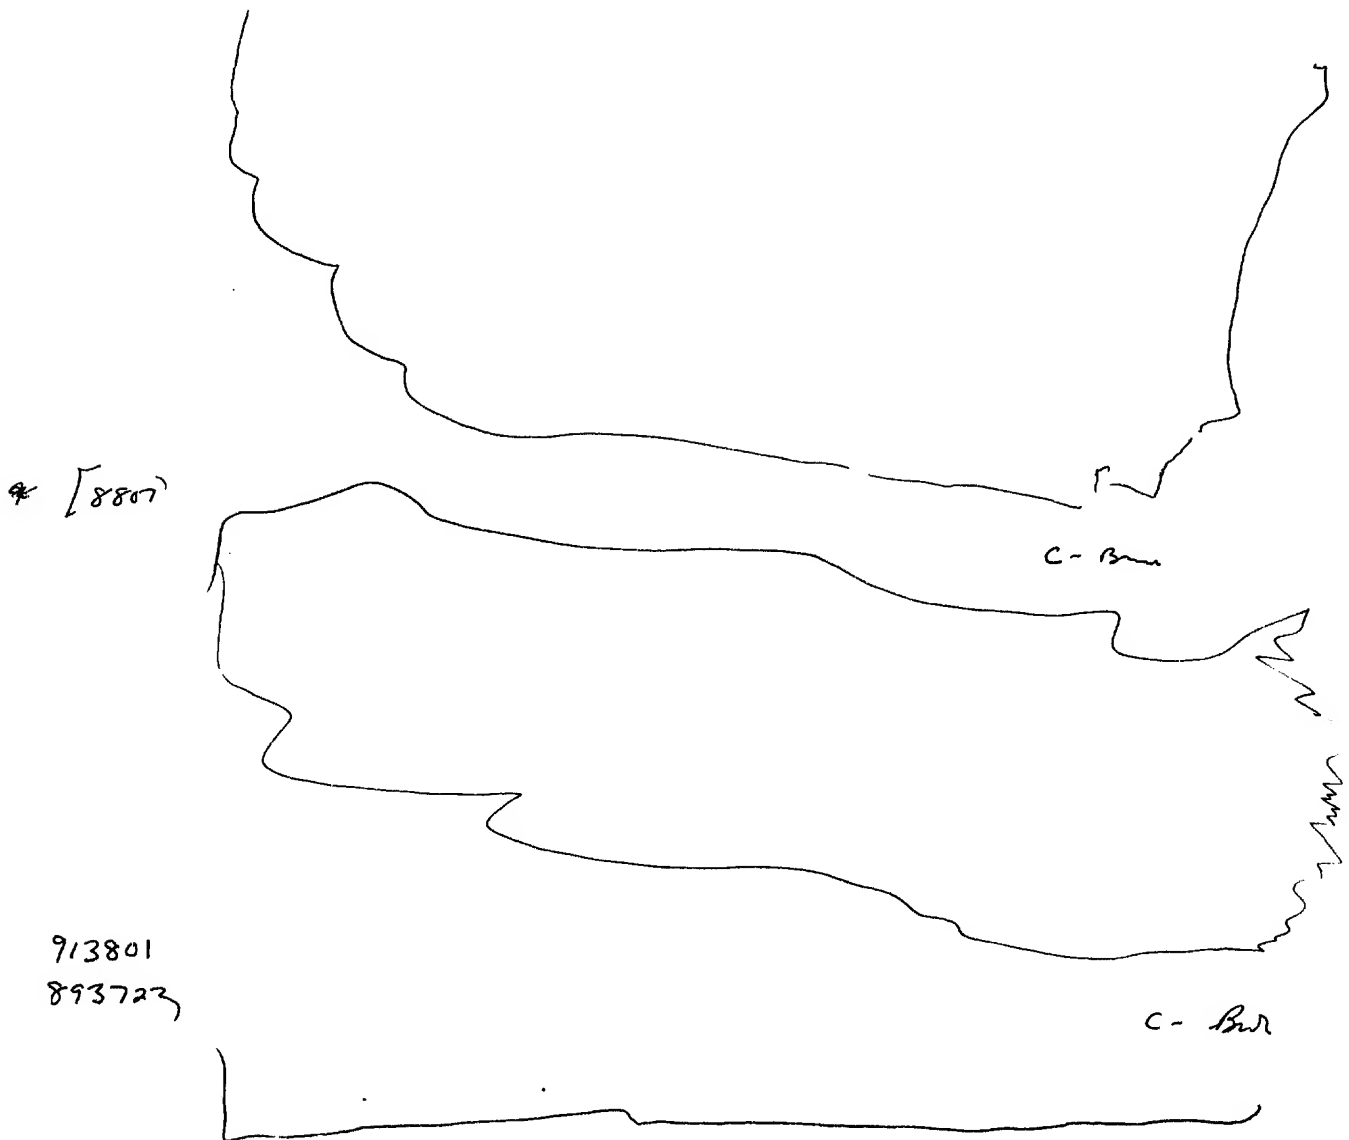

AOL SKETCH

TARGET STRUCTURE

913801

893723

913801

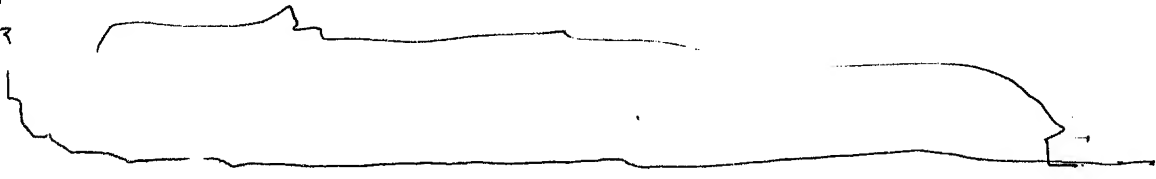

893723

A - down arm any  
arm and in  
hard  
B - strike

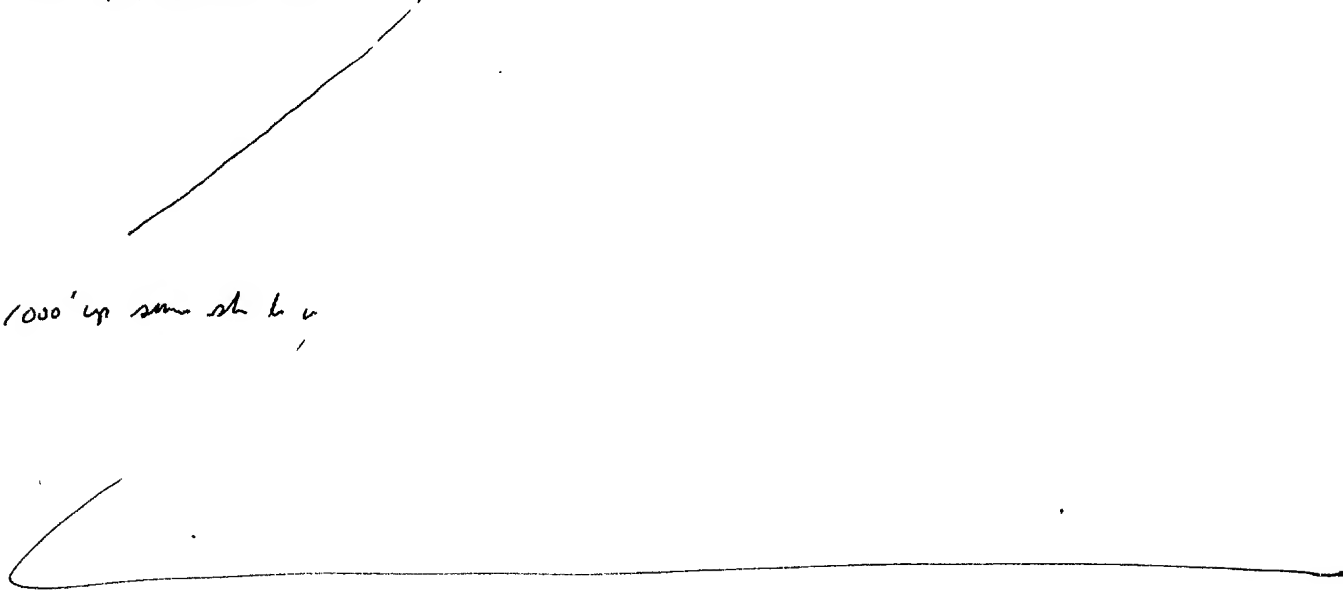

001 - assembly line

913801

893723

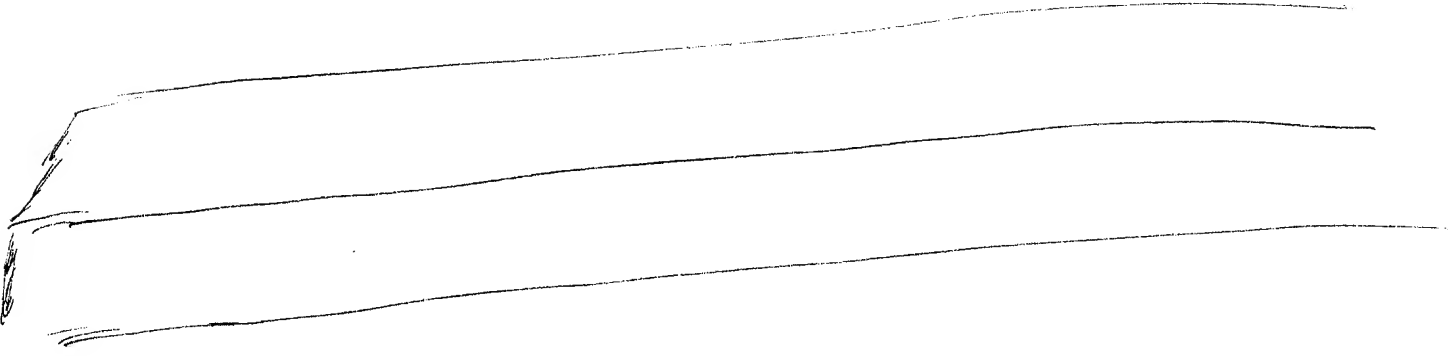

From 100' up, something like to use

From 1000' up same sh to u

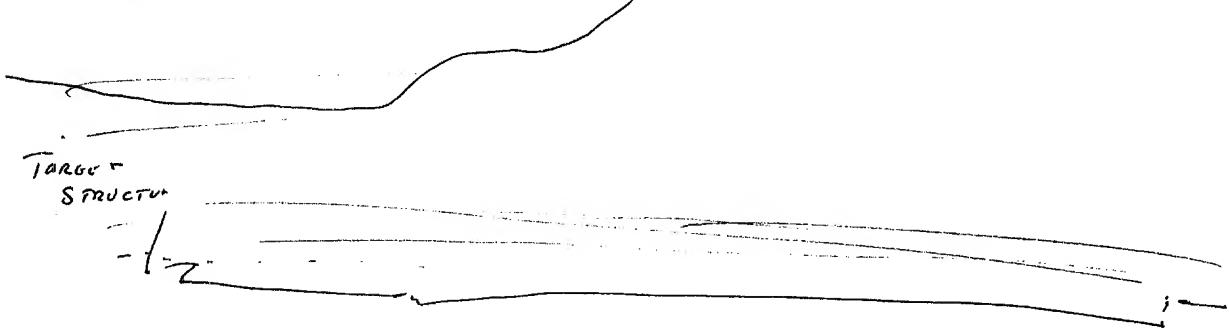

1- drag in across  
any area  
have  
2- strike

S<sub>2</sub>  
long  
narrow  
thin wall - 54

From the top of the structure to the base

AOI - like something goes in one end, and eventually comes out other (as finished product).

S<sub>2</sub>      D      43      CI      T      I      402      4/5

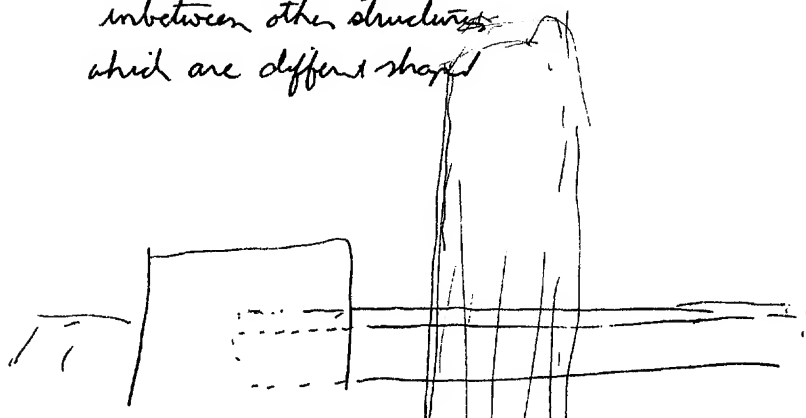

long  
narrow  
flat  
rectangular  
hollow  
thin

thin-walled

vents

like a  
long RR  
boxcar

inbetween other structures  
which are different shapes

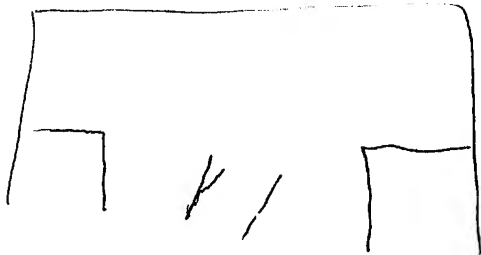

like a  
factory  
complex

42. "Working in a De-Fence Plant"

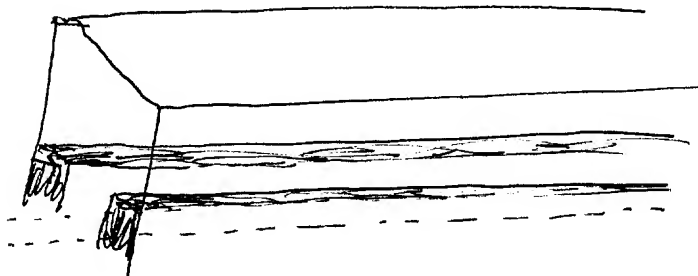

low  
flat

structure

[INSIDE]

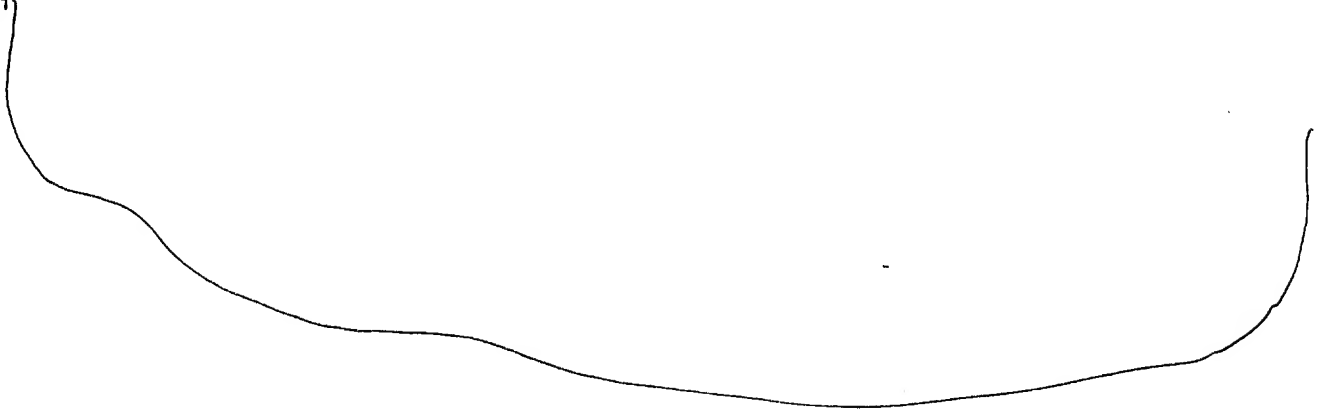

AOL -  
lathe

AOL - It reminds me  
of an auto car wash

BREXIT 1052

TARGET

A- big fat bulbous  
curving out

B- stroke

AOL/AE - like a big quib

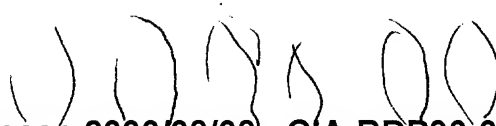

TARGET

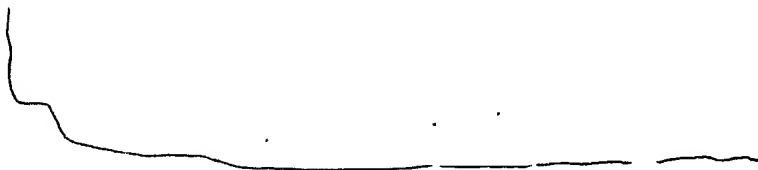

S<sub>2</sub>

curved  
shaped - S<sub>1</sub>

q- down, curving  
away along  
curving, soft  
n- stroke

TARGET

A1 down  
any across  
down along  
soft/hard (flexible)  
B structure - object

S<sub>2</sub>

white  
smooth  
soft  
slippery  
v. small

greasy feel

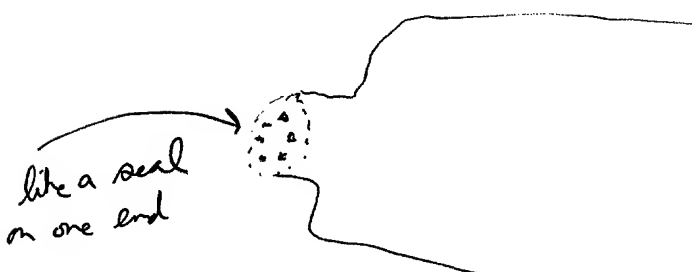

A1 - like a big, white whale

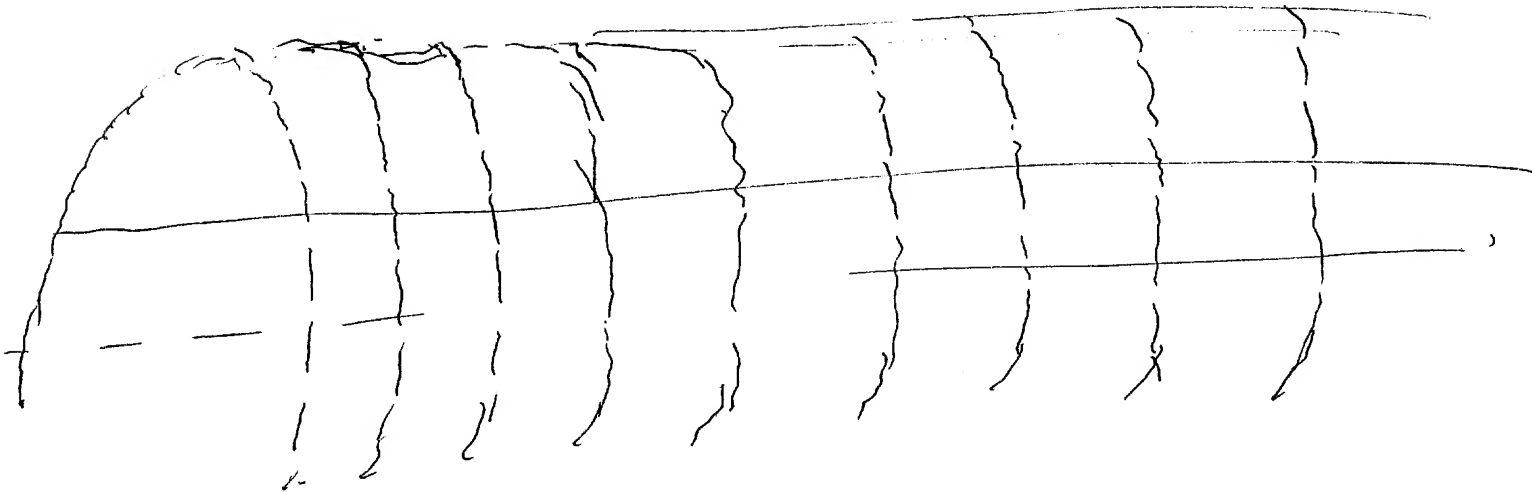

A1 - strange

S<sub>2</sub> . D A2 U2 T L a- 16

[INSIDE]

A2 - yuk, gross, noxious semi-liquid filling my lungs

ABL - like welding in-process inside

Something passes thru (a can) pass through this

ABL - test/diagnostics chamber

1115

like a pod
